Power System & Controls

<https://www.servostabilizermfg.com/>

Power System & Controls is betrothed in Manufacturing, Supplying and Trading in Servo Voltage Stabilizer. These are known for durability and cost-effectiveness.

About Us

Incepted in the year **2008**, we **Power System & Controls** are one of the distinguished **Manufacturer, Supplier and Trader** of an impeccable array of **Carbon Roller Type Servo Voltage Stabilizer, Digital Servo Voltage Stabilizer, Linear Type Servo Voltage Stabilizer, Rolling Contact Type Servo Voltage Stabilizer, Industrial Servo Voltage Stabilizer, Electric Transformer etc.** Complete array we offer is known in the market for efficient power supply, heavy duty usage, excellent performance, low maintenance and hassle free operation. In addition to this, these products are highly demanded amid our patrons for high efficiency, elevated durability, rugged construction, easy installation and rust resistance. Under the above mentioned categories we offer Carbon Roller Type Servo Voltage Stabilizer, Digital Servo Voltage Stabilizer, Linear Type Servo Voltage Stabilizer, Rolling Contact Type Servo Voltage Stabilizer, Servo Voltage Stabilizer, Distribution Transformer, Earthing Rod, Power Factor Control Panel, Servo Voltage Controller and Power Distribution Control Panel. These products are developed and fabricated under the command of a knowledgeable team of professionals using optimal-quality raw material in complete conformation with global quality guidelines & principles. We have a long list of specialized and reliable vendor with whom we acquire this raw material. The offered variety is accessible in different provisions in order to meet the...

SERVO VOLTAGE STABILIZER

Our Products

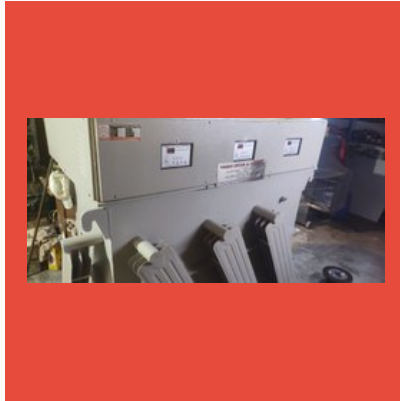

Servo Stabilizer

Oil Cool Servo Stabilizer

Servo Automatic Voltage Stabilizer

750kva Servo Voltage Stabilizer

CARBON ROLLER TYPE SERVO VOLTAGE STABILIZER

Our Products

Carbon Roller Type Servo Voltage Stabilizer

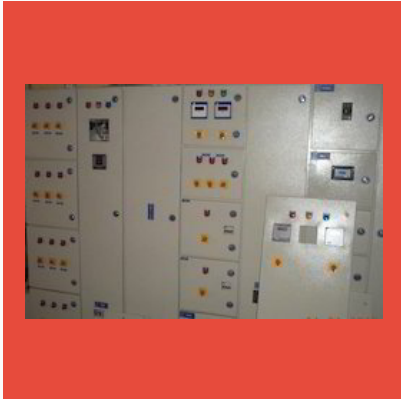

Carbon Roller Servo Voltage Stabilizer

Servo Voltage Controller

POWER FACTOR CONTROL PANEL

Automatic Power Factor Control Panel

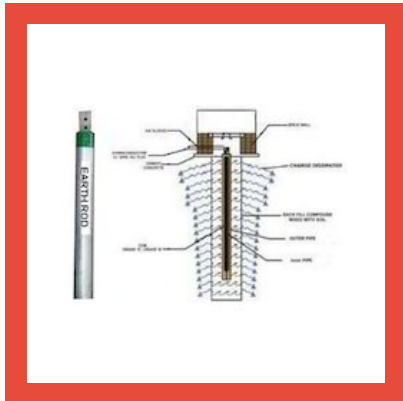

Power Factor Control Panel

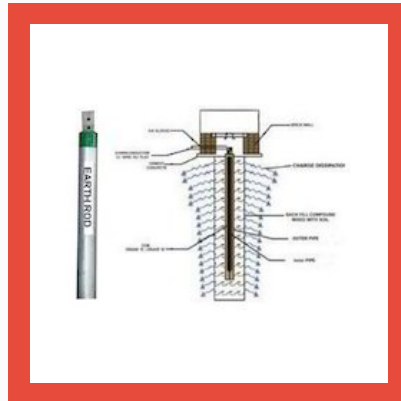

Automatic Power Factor Capacitor Panel

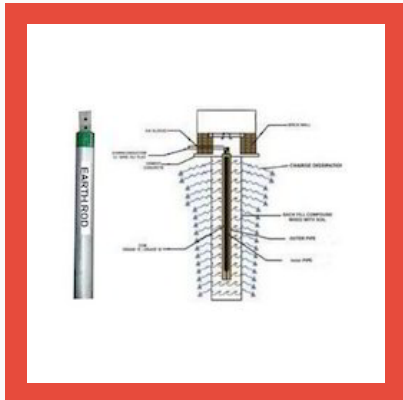

ELECTRODE EARTHING SYSTEM

Earthing Rod

Maintenance Free Earthing

Gel Earthing Electrode

OTHER PRODUCTS:

150kva Air Cool Servo Voltage Stabilizer

Digital Servo Voltage Stabilizer

Industrial Servo Voltage Stabilizer

Linear Type Servo Voltage Stabilizer

OTHER PRODUCTS:

Servo Stabilizer

Rolling Contact Type Servo Voltage Stabilizer

Rolling Contact Servo Voltage Stabilizer

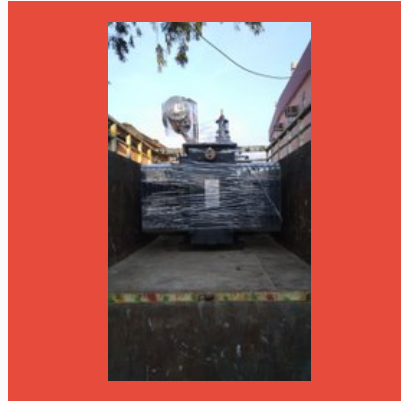

Linear Servo Voltage Stabilizer

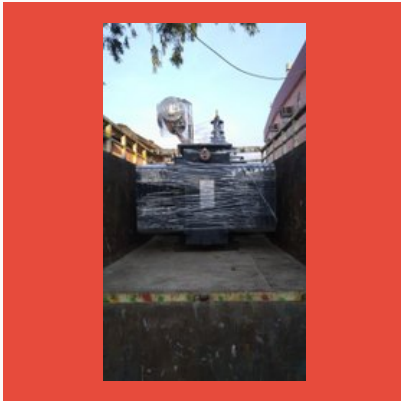

OTHER PRODUCTS:

Copper Servo Voltage Stabilizer

315kva Distribution Transformer

Electrical Transformer

Step Down Transformer

OTHER PRODUCTS:

Step Up Transformer

100kva Servo Voltage Stabilizer

Distribution Transformer

Industrial Servo Stabilizer

OTHER PRODUCTS:

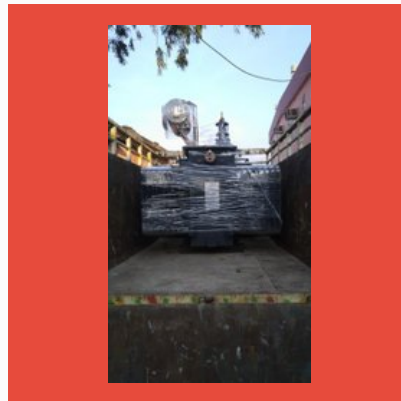

Servo Stabilizer

Servo Controlled Voltage Stabilizer 250 Kva 3 Phase

300 Kva Industrial Servo Stabilizer

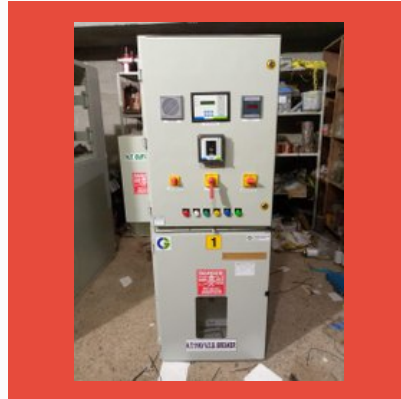

250kva Transformer L-2

OTHER PRODUCTS:

3 Phase Servo Stabilizer

Old and used HT VCB panel
Crompton Greaves

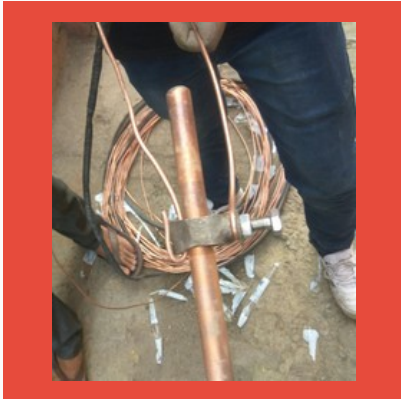

Automatic Power Factor Panel

Three Phase 15kva Servo
Stabilizer

OTHER PRODUCTS:

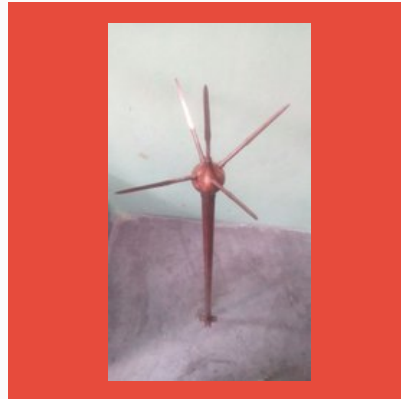

Rod Type Copper Bonded Earthing

Ht Transformer

Copper Bonded Earthing Rod

Copper Coated Rod Type Earthing

OTHER PRODUCTS:

500kva HT Transformer Level-2

Automatic Power Factor Capacitor Panel

HT VCB breaker ABB

Bypass Panel

Factsheet

Year of Establishment : 2008

Nature of Business : Manufacturer

Total Number of Employees : 11 to 25 People
